1. [REDACTED] presented a letter to the [REDACTED] from [REDACTED], dated 29 Oct. 1971. The letter contained the same proposal presented by [REDACTED] on 6 Oct. 1971. This proposal was refused at that time because there is not room for all the boxes and still give up the space that they request.

2. I re-affirmed our position that we could not agree to this plan for the same reasons. However, I did offer to still abide by the alternate plan that the Using Service proposed in the Memorandum for the Record, dated 6 Oct. If this alternate plan is not acceptable to the contractor, the only alternate is to go by the schedule in the contract specifications.
